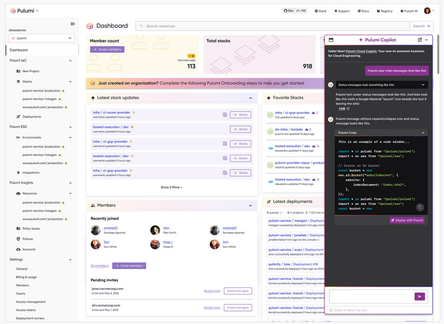
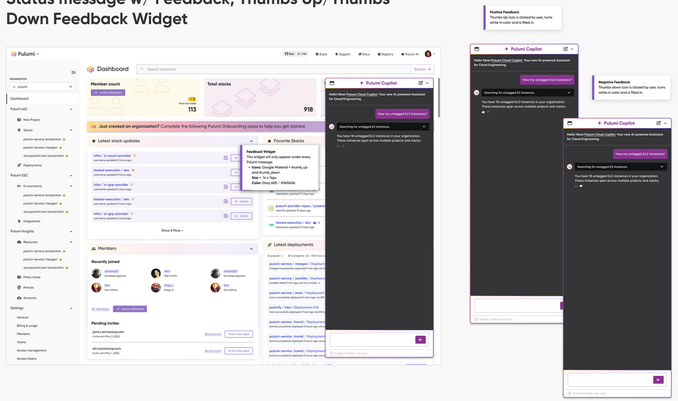
Pulumi Copilot Chat Interface Designs... DARK

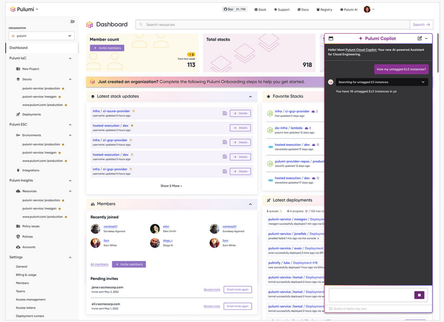
Screen with all of the components in one chat window.



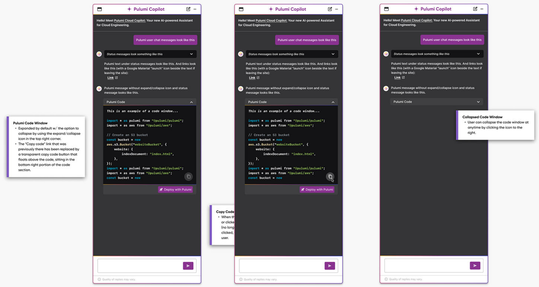
Status message w/ Feedback; Thumbs Up/Thumbs Down Feedback Widget



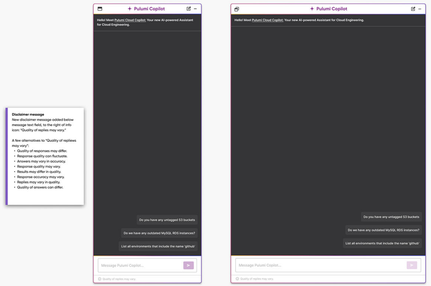
Stop conversation button



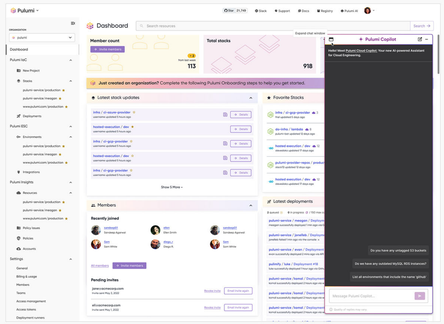
Updated Code Window with expand/collapse functionality

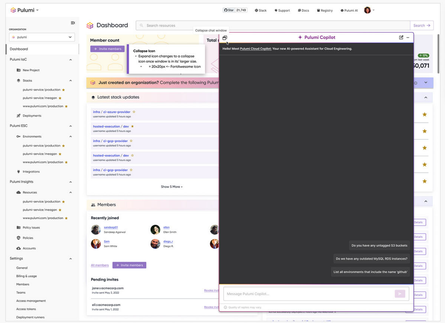


Disclaimer message added to message portion of chat window



Expanding the Chat window...





Expand Window Size

- The window expands to almost double its original width. The original chat window in the designs is 500px wide, and the expanded window is 900px wide. The height remains the same.
